Maryland is known for their crab cuisine and none compares to that of Woody's Crab House. My husband's favorite seafood dish is crab cakes and at Woody's we have found one of the two top places in the east that make great crabs cakes. When you first come into their bar, tiki lounge or three dining areas you will breathe freeing knowing that that are all non-smoking. Relax and enjoy some fresh peanuts. Once you're ready to order, try an excellent appetizer called the "Cajun Catfish Chunks" and wash it down with a delicious homemade Bloody Mary prepared with a rim of "Old Bay" seasoning. If you are a soup lover they have crab bisque or a tomato based Maryland Crab soup, both made with premium lump meat. They also have a daily soup special as well. In addition, Woody's specializes in different pasta cuisines that are all prepared fresh and taste out of this world. Last but not least you must try their homemade chocolate chip bread pudding with ice cream. It's sinfully rich and decadent. When you come to Woody's and meet Pete, his daughter Rachel, her husband Chip or any of the staff they will make you feel like you're at home in the town of North East.

Holiday Inn Express- North East This is one of our top two choices of hotels in the Holiday Inn Group's assortment of theme hotels. They are only 15 minutes from the beautiful, scenic drive to the Turkey Point Lighthouse. The Holiday Inn Express is perfect for the typical businessperson on the go - like my husband. The rooms provide all the comforts of home and come with a microwave, refrigerator, iron and complementary high-speed access to the Internet. There is also a well-equipped exercise room to get you going for your long day ahead. Their "Smart Start" Deluxe Continental Breakfast is also very delicious and comes with an assortment of foods from which to choose, depending on your dietary needs. In our experience, they have the best cinnamon buns. In addition, the Holiday Inn Express, which is located in the charming town of North East, has more features that also tailor to the traveling family. They have an outdoor pool, which are open seasonally, and a whirlpool, which is open year round. They also have larger King-size rooms and Adjoining Rooms, which are a great convenience for a family. Finally, it wouldn't be a Holiday Inn without their warm and friendly staff welcoming you and happily providing any information that you need about the local area

**Plumpton Park Zoo** You don't have to be a child to love Plumpton Park Zoo, a family-friendly zoo with picnic & playground areas located in Rising Sun only 10 minutes off I-95 and 5 minutes off Route 1. Come be inspired by their many fascinating tales of helping animals in need by providing them with a supportive and nurturing home. Visit the Pot bellied pigs, abandoned by their owners and now cared for by the zoo, the pet monkey who was being abused by the owner's boyfriend but is now thriving at the zoo or the iguana taken in by the zoo after a daughter goes away to college and parents cannot care for her pet. These pleas for help for animals in trouble have formed the nucleus around which Plumpton Park Zoo has grown. In most instances, the acceptance of an animal at the zoo is for the remaining life span of that animal --- usually a long commitment! The Plumpton Park Zoo is closer than you think and definitely well worth the trip to support the wonderful people who provide a better life for the animals in their care.
